

Microsync

1-0-0

Foliar-Pak® Microsync is the ideal micronutrient addition for lawn care applications and is safe in spray tanks with broadleaf herbicides.

PRODUCT DESCRIPTION/BENEFITS

Foliar-Pak Microsync is a well-balanced micronutrient package built with amino acids.

- Premium nutrient chelators improve uptake efficiency and compatibility with broadleaf herbicides.
- Iron and manganese support chlorophyll production and photosynthesis.
- Zinc plays important roles in root initiation and antioxidant production.
- Copper and manganese work as enzyme activators in the process of building proteins.
- Boron is crucial for cell wall development by providing structural linkages in cell walls.

GUARANTEED ANALYSIS

Total Nitrogen (N)	1.0%
