

# BERMUDA GREENS WINTER HEALTH PROGRAM

A specially designed program that offers nutrients and carbon sources that give warm season turf an advantage during the most difficult season of the year.

## FOLIAR - BIWEEKLY

**Foliar-Pak® Amperage** Increases plant energy by working to drive photosynthetic reactions and improve chlorophyll development. Provides direct carbohydrate energy to the plant. Provides carbon sources that increase soil biological activity.

**Rate:**  
3 oz  
per 1000 sq ft

**Foliar-Pak® Foundation Forty** Highly concentrated amino acid formula increases the plant's production of chlorophyll, energy, and anti-stress compounds. Also increases the uptake and performance of tank-mix fungicides.

**Rate:**  
1.5 oz  
per 1000 sq ft

**Foliar-Pak® Gold Standard 45** Amino Phosphite formulation that provides a special response that triggers the plant to improve plant defense systems.

**Rate:**  
1.5 oz  
per 1000 sq ft

## SOIL SPRAY - EVERY 21 DAYS

**Foliar-Pak® Armament® K** Improves plant osmotic functions that protect against winter stress. Potassium encourages carbohydrate storage and enzyme production.

**Rate:**  
3 oz  
per 1000 sq ft

**Foliar-Pak® Armament® P** Phosphorus is essential for protein synthesis, cell division, and the development of new tissue. Armament prevents common soil nutrient interactions that tie up phosphorus.

**Rate:**  
3 oz  
per 1000 sq ft

**Foliar-Pak® Colonise® Bio** This is a highly specific blend of live biology, carbon sources and nutrient enhancers. that target better rooting, nutrient uptake, plant resilience and turf playability.

**Rate:**  
3 oz  
per 1000 sq ft

**OPTIONAL ADD-ON: Foliar-Pak® CSi L** 1.5 oz per 1000 sq ft

**MANUFACTURED BY:** ENP Investments, LLC • P.O. Box 618 • 2001 W. Main St. • Mendota, IL 61342 • Phone: 800.255.4906 • [www.foliarpak.com](http://www.foliarpak.com)
