

ESTABLISHMENT PROGRAM

The Establishment program incorporates AminoPrecise® and Armament® technologies to expedite turf establishment. This program promotes better density, rooting, and turfgrass strength, advancing seedlings or sprigs from infancy to maturity faster than ever before.

Foliar-Pak® Grow-In | 6 - 12 oz per 1,000 sq ft

Foliar-Pak Grow-In is an all-in-one product that provides a complete turfgrass establishment program with the convenience of one single product.

Foliar-Pak® Calcium | 2 - 3 oz per 1,000 sq ft

Foliar-Pak Calcium is a concentrated calcium product that is complexed by amino acids and other natural plant metabolites.

Foliar-Pak® Foundation Forty | 0.5 - 1 oz per 1,000 sq ft

Foliar-Pak Foundation Forty is a highly concentrated, engineered blend of specific amino acids for increased nitrogen fixation, chlorophyll production, energy production, and the production of anti-stress compounds.

Foliar-Pak® Armament® Concentrate | 10 - 24 oz per A or 0.25 - 0.5 oz per 1,000 sq ft

Foliar-Pak Armament Concentrate keeps nutrients in solution, preventing interactions in the spray tank and improving nutrient availability.

Armament technology is a patented, biodegradable nutrient enhancer. This high-molecular weight structure holds a large population of negative charges. These negative charges gently complex positively charged metals, keeping them in solution.
