

ESTABLISHMENT PROGRAM

The Establishment Program incorporates AminoPrecise® and Armament® technologies to expedite turf establishment. This program promotes better density, rooting, and turfgrass strength, advancing seedlings or sprigs from infancy to maturity faster than ever before.

Foliar-Pak® Grow-In | 6 – 12 oz per 1,000 sq ft

Grow-In is an all-in-one product that provides a complete turfgrass establishment program with the convenience of one single product.

Foliar-Pak® Calcium | 2 – 3 oz per 1,000 sq ft

Calcium is a concentrated calcium product that is complexed by amino acids and other natural plant metabolites.

Foliar-Pak® Foundation Forty | 0.5 – 1 oz per 1,000 sq ft

Foundation Forty is a highly concentrated, engineered blend of specific amino acids for increased nitrogen fixation, chlorophyll production, energy production, and the production of anti-stress compounds.

Foliar-Pak® Armament® Concentrate | 10 – 24 oz per A or 0.25 – 0.5 oz per 1,000 sq ft

Armament Concentrate contains Armament technology, our patented, biodegradable nutrient enhancer. Armament technology keeps nutrients in solution, preventing interactions in the spray tank and improving nutrient availability.
