

# Fairway Complete

0.5-0-4

Foliar-Pak® Fairway Complete is a multifaceted nutritional and supplemental product that enhances color and plant health in larger-acreage turfgrass areas, such as fairways.

with **Armament** • **AminoPrecise**

## PRODUCT DESCRIPTION/BENEFITS

Foliar-Pak Fairway Complete takes the guesswork out of building a nutritional program for golf course fairways. It offers the following benefits:

- Iron and manganese provide color response by supplying two key nutrients that support photosynthetic production.
- Potassium works to affect water efficiency and carbohydrate transport in the plant.
- Specific amino acids help optimize photosynthesis, upload antistress compounds, and increase carbohydrate production.
- In the soil, Armament works to unlock existing tied-up nutrients for a better balance of nutrition in the plant.
- Molasses is important for feeding soil biology and supplementing plant carbohydrate reserves at critical times.
- It's the ideal tank-mix product with control products, PGRs, and other nutrients.

## GENERAL USE GUIDE

Use to maintain turfgrass throughout the growing season. This product is tank-mix compatible with most fertilizers and pesticides. However, due to variability in water sources and pesticide formulations, a compatibility test is recommended.

**Golf Course  
Fairways, Tees,  
and Sports Turf**

Apply 1.5 to 3.0 fl oz per 1000 sq ft in enough water to provide sufficient foliar coverage. Repeat applications every 14 to 30 days or as needed. Can be mixed with other nutrients, control products, and PGRs.

## GUARANTEED ANALYSIS

Nitrogen .....	0.5%
0.5% Water Soluble Organic Nitrogen	
Potassium.....	4.0%
Iron (Fe).....	3.0%
Manganese (Mn) .....	1.0%

Derived from: soy protein hydrolysate, potassium acetate, molasses, iron EDTA, manganese EDTA

## NON PLANT FOOD INGREDIENT

Blackstrap Molasses .....	5.0%
Polymer .....	4.75%

## PRODUCT INFORMATION:

Weight Per Gallon: 10.5 lbs (4.76 kg)  
pH: 8.7
