Carbon Complete

0-0-1

with **Armament®**

Foliar-Pak® Carbon Complete is a multifaceted nutritional and soil carbon support product that enhances plant color, recovery, and soil health. The product is designed specifically to meet the needs of large-acreage operations, most notably professional lawn care.

PRODUCT DESCRIPTION/BENEFITS

Foliar-Pak Carbon Complete acts as a “catch-all” supplement to any lawn care program. Regardless of the round, Carbon Complete can be a value-add to any nutritional program for professional lawn care. It offers the following benefits:

- Iron and Armament technology provide a color response by supplying nutrients that support photosynthetic production, efficiency, and efficacy. This equates to healthy chloroplasts and chlorophyll, leading to green and healthy visual color.
- Potassium works to mitigate traffic and salt stress, providing strong plants that stand up to the most stressful stretches of the season.
- An umbrella of carbon sources work synergistically to optimize energy production, promote a healthy soil rhizosphere, and upload antistress compounds.
- In the soil, Armament works to unlock existing tied-up nutrients for a better balance of nutrition in the plant.
- Molasses is important for feeding soil biology and supplementing plant carbohydrate reserves at critical times.
- It's the ideal tank-mix product with herbicides, insecticides, fungicides, and other nutrients.

Carbon Complete is the lawn care “Holy Grail”. It can be utilized in any round, for a number of reasons. Carbon Complete checks all the boxes:

- ✓ Provides a positive plant response
- ✓ Tank-mix compatible
- ✓ Low-volume equipment compatible
- ✓ Won't clog nozzles or screens
- ✓ Doesn't stain
- ✓ Cost-effective

GENERAL USE GUIDE

Use to maintain turfgrass throughout the growing season. This product is tank-mix compatible with most fertilizers and pesticides. However, due to variability in water sources and pesticide formulations, a compatibility test is recommended.

Lawn Care

Apply 1.5 to 3.0 fl oz per 1000 sq ft in enough water to provide sufficient foliar coverage per application. Repeat applications as needed. Can be mixed with other nutrients, control products, and PGRs.

GUARANTEED ANALYSIS

Potassium..... 1.0%
Iron (Fe)..... 2.3%

Derived from: potassium acetate, iron EDTA

NON PLANT FOOD INGREDIENT

Blackstrap Molasses 5.0%
Polymer 4.75%

PRODUCT INFORMATION:

Weight Per Gallon: 9.3 lbs (4.23 kg)
pH: 8.7
